EDUCATION

- University of Central Florida
B.Sc., Economics (IP)
- Valencia College
AA., General Studies

PROJECTS

- [Charity Frog](#)
A Ruby on Rails site utilizing PostgreSQL which is partly populated with an API call via HTTParty. Implements userAuth and Stripe API.
- [Google](#)
A fun Angular clone of the Google search page that uses matter.js, a Javascript physics engine, and HTML5 Canvas, via javascript library p5.js, to add user interactivity and physics.
- [Ice Fall](#)
Uses pure Javascript and HTML5 canvas to create a fun interactive game where the objective is to dodge falling objects, accumulating points as you go.
